Note: If any of the above are discovered during construction, crew activity will stop, and we will notify you of subsequent action. This may result in delays in scheduled construction and/or additional costs.

Responsible party information (Select one for each statement.)

Who is responsible for electric / natural gas installation charges?

☒ Home owner

☐ Builder/general contractor

Who is responsible for electric / natural gas energy costs during construction?

☒ Home owner

☐ Builder/general contractor

Lawn/pavement repair

After installation is complete, we will backfill with existing soil. For further explanation on surface restoration, please visit www.we-energies.com/service/surface-repair.htm.

Authorization

I certify that I own or am the authorized representative of the person(s) who owns the property indicated in this application. I certify the information provided is accurate and I will promptly inform We Energies of any plan revisions. If installation requirements differ from what is submitted on this application, I understand these changes may result in an increased cost to me. I also understand a daily facilities charge will be included in my monthly bill and begins the day the natural gas and/or electric meter is installed, whether or not natural gas and/or electricity are being used.

Signature: _____
